

Dear Valued Customer

April 22, 2015.

Eco Fluid Center Ltd & Canoil Canada Ltd, would like to jointly announce that, in order to serve you, our customers better, Canoil Canada Ltd will be the new Global Exclusive Agent for VSG 'The Green Grease'. This is as of April 27, 2015. VSG is mainly biobased, biodegradable, low in aquatic toxicity and offers outstanding performance for wicket gate bearings in hydroelectric power stations and in many more applications.

Eco Fluid Center Ltd is moving to focus on Marketing and Sales of this great technology and allows Canoil Canada to deliver VSG Biodegradable grease in an efficient manner and allowing the customers to acquire quality product when required.

By way of introduction, my name is Gamil Alhakimi, President of Canoil Canada Ltd. The Principals of Canoil Canada Ltd bring over 135 years of experience to the lubricant industry. We have been in business for 31 years, and also provide finished lubricant products globally with a North American, European and Asia presence. We strive for excellence. Our company is ISO 9001-2008 certified and is also committed to the environment with certified credentials for ISO 14001. For the power generation industry, we are also the master distributors of MOV Long Life and MOV Extra for valve actuators. MOV Long Life is the factory fill for some actuators and is approved for use in safety systems.

Our facility is centrally located in Mississauga, Ontario, 30 minutes west of Toronto, Ontario, 35 minutes away from Toronto's Pearson International airport, and just 1½ hours from Buffalo, New York. We, as your new supplier, would like to assure you that Canoil Canada Ltd is committed to providing you with excellent products and excellent service. As stated earlier, April 27, 2015 we will be our commencement date.
